### READY FOR PRACTICE.

Physical Director Blackburn has lined up a bunch of college boys for football practice. New uniforms have been secured for twenty-two players, and the team will be selected after a thorough try-out for practice. Some four or five games will be scheduled this fall.

Mr. Blackburn has also started work among the high school students towards physical development, in the college all students have to take as much practice along certain lines.

## CONTINUE CEDARVILLE COLLEGE CAMPAIGN.

Cedarville College called for a minimum building and endowment fund of \$200,000. Of this amount \$133,190 was pledged, Wednesday at noon, leaving a balance of \$66,810 to be secured. Considering the depressed business and industrial conditions, a splendid start has been made toward raising the \$200,000. When it is remembered that the campaign to secure the \$200,000 is to cover a period of five years, it is a source of encouragement and gratification that within the first eight weeks of the campaign two-thirds of the amount has been secured. Moreover many, who doubtless will give, have not been approached. Contributions are coming daily. Over two-hundred, who have been solicited and are likely to give, are yet to be heard from. Quite a number of those have already subscribed have signified their intention to increase their subscriptions. There are several prospects of good subscriptions. Several people are voluntarily writing to friends of means and suggesting people who should be solicited. Every body is interested.

The one thing to keep in mind and to be intensely impressed with is this: that the call of Cedarville College for \$200,000 is absolutely necessary. It is positively the very least amount that the College must have to meet and satisfy the demands of the State Association of Colleges. Since this is true it remains for none of us to rest or spare our efforts until the \$200,000, yet lacking, is secured.

At a meeting of the Board of Trustees last Friday, \$68,000 of the \$133,000 was voted out and added to the endowment fund. This brings the endowment up to actual holdings and subscriptions to \$200,000, or the amount required by the State Association will not recognize the college endowment until the subscription thus turned over to the endowment has been paid in and is an actual cash or money endowment. Moreover the State Association requires the science hall and the gymnasium to be erected and equipped before the college will be fully recognized. Consequently it is apparent that the sooner the subscriptions and pledges already made are paid into the college treasury, the sooner the college will receive recognition and be out of the peril of having to close its doors.

Once more, let us remember that Cedarville College is not saved, not out of danger by any means until we raise and secure the remaining \$67,000, or in other words the whole \$200,000 which we set out to secure. Realize fully that this is the least possible amount which the college must have. Do not delay the matter thinking that it will come in five years. Now while the interest is high is the time to give and to cooperate in every possible way to save Cedarville College and establish it permanently.

Thankful to all who have given and cooperated to secure what the College has secured, trusting in your love for the college and the community that you will ungrudgingly continue in the work so well begun, and confident in the ultimate success of our undertakings, let us faithfully go on to finish the task committed to us.

Your sincerely,  
W. R. McChesney,  
President Cedarville College.

### CORRECTIONS ON LAST REPORT

In compiling a list of names and amounts of pledges hurriedly as was done at the end of the College drive campaign, there naturally would be a few errors and omissions. Some were credited with the amount of cash paid and not the pledge, etc. So we have the corrected list today:

John R. Smiley, St. Louis, previously reported as Jos. R. Smiley 410.00

Howard Bratton, Fairbault, Minn. gave \$50.00, reported as \$40.00

Mary Murdock, Cedarville, 500.00 should have been reported as given by N. E. Steel as a memorial to Mary Murdock

Mary Cooper, reported as \$25.00 should have been \$30.00

Florence K. White, Clifton, reported as \$200, should be \$250.00

Rev. H. J. Kyle, reported as \$20.00 but should be \$250.00

C. C. Kyle, reported as \$20.00 when it should be \$25.00

J. N. Lott, Pittsburg, should have been reported last week for \$50.00

R. S. Townsley, \$140.00 instead of \$100.00 as reported.

Leulla Wright, \$200 instead of \$150

### SHOW AN INCREASE.

Building and loan and savings institutions in Greene county made a gain during the year of \$250,145 according to State Supt. of Building & Loan Associations, John Prugh. The assets for the seven institutions in the county amount to \$4,202,035 against \$3,945,939 for the previous year, a gain of seven per cent.

There were three building and loan institutions in the county 10 years ago with a total assets of \$1,770,201. During this period the gain has been 155 per cent or \$2,431,834.

For Sale—A two story house, frame dwelling, on Chillicothe street. Building to be moved from lot.

## Several Places Are Vacant.

Who wants an office? Several seem to be going begging and from all indications the only aspirants to furnish a real contest will be six well known men out for township trustee when only three can be successful.

While these six men scramble for trustee two places on school board will be unfilled. Three places will become vacant on January 1 and only one candidate has filed.

In the village all six councilmen will retire at the end of the year and not a petition was filed.

There was no candidate for assessor in the village.

Men seem to have lost the taste for public office and though women have no franchise they shun public office.

Those who retire from the school board say they want no more of it under the present laws. Members of Council say the people expect them to do the impossible when the legislature does not provide the revenue after a levy is made by council. The only way for others to find out the situation is for them to become members of council as well as school board.

Cedarville is no different than many other towns over the state. Hundreds of places will remain vacant January 1 due to the fact that no candidates are available at the next election in November.

The following qualified for Cedarville township candidates:

Trustees—H. A. Turnbull, M. W. Collins, Collins/Williamson, Howard Turnbull, Harry Townsley and G. H. Smith.

Clark—Andrew Jackson.

Treasurer—J. E. Mitchell and J. W. Johnson.

Assessor—C. E. Cooley.

Constable—Charles Turner.

Board of Education—E. E. Finney.

In the Corporation the following qualified:

Mayor—J. D. Mott.

Clerk—J. G. McCorkell.

Treasurer—Karl Ball.

Marshall—Harvey Myers.

Council—No candidates.

Under a law passed by the legislature last winter the members of the County Board of Education must be elected by the people. There are three to be elected and the three outstanding members will be candidates for re-election. They are J. E. Hastings, A. L. Fischer and W. B. Bryson.

THIRTY-FOUR CASES  
FOR AUTOMOBILE THEFTS.

We had business in Columbus Monday that brought us in touch with the work the Columbus police and detective department have been doing in landing automobile thieves. Thirty-four men are in the county jail charged with stealing cars. If the criminal courts handle the cases as quickly as the grand jury seemed to make progress every man will soon be behind the walls of the pen.

By the courtesy of the Franklin County Sheriff, the two automobile detectives of the police department, took us through that institution.

The turn-key stated that 125 men had just been served supper and when we looked over that mob of wrecked humanity we made up our mind that more than one half of the people did not know how the balance lived.

It so happened that the man that is charged with lifting our car last June had been unruly and had to be placed in the dungeon for violating the jail rules. Depravity marked every line in his face as he was brought of to his quarters where daylight never came. He will be fed bread and water for three days and night. While confined in the dungeon he has no means of knowing the beginning or the ending of the day, neither can he hear what is going on about the institution. He is not fed his bread and water at regular meal hours so that he loses the time of day.

Punishment on such criminals cannot be too severe.

### SERVED HIS TERM.

R. E. Corry, county commissioner, has completed his last term and his place is taken by John North of Xenia who was elected last fall. Mr. Corry has made an excellent official and reflects with the good will of the people, R. D. Williamson, who has been in poor health for several months is much improved and will take his place on the board next week. We are pleased to know that he has recovered and again able to be among his friends.

### LOST PART OF FINGERS.

Mrs. M. G. Nagley had the misfortune to lose part of the second and third fingers on her right hand while cleaning an electric meat grinder last Friday. When she went to turn a thumb-screw to loosen the grinder she turned the electric switch with the above result. Dr. J. O. Stewart dressed the injured members.

For Sale—Seven room house, blacksmith shop and large garage, electric lights, gas, lot 35 x 250. A real bargain. Phone 33.

J. G. McCorkell.

## OHIO NEWS BRIEF

Arthur Mautner, salesman for a New York firm, was reported to the Cleveland police that thieves stole furs valued at \$250 from his room in a hotel.

Anna Marovic, 19, was accidentally shot and killed by Helen Siml, 17, her chum, at Cleveland. The girls had been visiting Marovic's night watchman, at an amusement park, when Miss Marovic was engaged to marry. Miss Siml picked up his revolver, which was discharged, Miss Marovic dying almost instantly in Ackley's arms.

Trustees of Ohio University, Athens, voted to purchase the old temple for use as a students union building. The purchase of more land near the present campus was also decided upon by the trustees and the approval was given plan for the erection of a new gymnasium at a cost of \$200,000.

Mrs. Elizabeth J. Stevenson, 58, Champaign county's oldest woman, died at Urbana after a short illness.

City Auditor George A. Carrel was selected by the Republican city central committee to be the next candidate for mayor of Cleveland in place of Mayor Galvin, whose health will not permit him to run for another term.

Frederick Frazier, married, a preacher of the Holy Bible church, was found guilty at Lancaster of contributing to the delinquency of Laura Virginia Frazer. Sentence was deferred.

More than 600 miners employed at Poston, near Athens, refused to work because they claim the men at 209 mine had not been treated fairly.

State utilities commission refused to authorize the Ohio service company to abandon street railway service at Uhrichsville and Dennison.

Ohio's corn crop this year will be approximately 146,000,000 bushels, almost 5,000,000 bushels more than the average crop for the five years preceding the September crop report of the state-federal agricultural statistician reports.

Governor Davis removed from office Mayor Herbert A. Atherton of Newark, on the charge of gross neglect of duty.

Explosion of a moon mine still and boiler jolly caused 250 of the 20 deaths in Ohio during August which the state fire marshal's office attributes to fire.

Four men robbed the farm home of Miss Lucinda West near Hillsboro, trying to take away two employees to chairs.

Arthur E. Morgan, formerly chief engineer of the Ohio consistory district and now president of Antioch college at Yellow Springs, has been appointed chief engineer for the Pueblo, Colo., consistory district project.

Paul Myers, Jr., 25, of Chicago, was killed and his wife and parents were badly injured when an automobile in which they were riding collided with a heavy truck and turned over in a ditch near Swanton, Lucas county.

Returning to her home in Mansfield after a visit, Miss Marie L. Geoffra found her mother, Mrs. Louise Geoffra, 65, lying beside the bed dead. She had been asphyxiated by gas.

Wootter was selected as the place of holding the next convention of the One Hundred and Fortysixth Infantry association.

Joe Urbaytis, George Lewis and Charles Schultz, convicted of conspiracy in connection with the \$100,000 robbery of the Toledo post office last February and awaiting trial on charges of robbery in the same case, escaped from the county jail at Toledo after overpowering the jailers.

Jeff Mapes, 26, motorcycle mechanic of Cleveland, was killed and a woman was injured during a collision with a car on the East Palatka road.

Professor W. C. Dyer of Mt. Sterling has been employed as superintendent of the schools at Woodstock, Champaign county.

Milton Solomon, who escaped from the county jail at Columbus recently, where he was being held for at least violations of white slave act and the Dyer automobile law, is under arrest in Philadelphia.

Joseph Stratton, former cashier of the American Railways Express company at Sandusky, against whom charges of embezzlement of \$8,400 of the company's funds were filed, gave himself up.

Dallas Stewart, 35, died at Barberton from bullet wounds received Aug. 18 when a revolver he was examining was accidentally discharged.

More crimes were committed in Akron in August than during any month this year, according to a report issued by the police department. The arrests numbered 1,904, as compared with 984 the previous month.

Two men were killed when an auto containing seven persons overturned near Richfield, in Summit county. The two killed were Homer Helm and Otis Robinson, both of Cleveland.

E. C. Vermillion, Akron, has been appointed by Governor Davis to succeed himself as Americanization director in Ohio.

Approximately 135,000 are out of employment in Cleveland, according to Charles F. Arndt, head of the state-city employment bureau.

Fire did damage estimated at \$125,000 to the Ewing building at Findlay. Two stores were heavy losers.

When a 10-foot ditch caved in at Dayton, O. Orth, 35, city employee, was killed and C. Parker, 30, colored, was probably fatally injured.

Northern district of the Evangelical Lutheran joint synod of Ohio will conduct its annual convention at Marion during the week beginning Oct. 5.

## Board Recinds First Action

The Board of Education some days ago decided to relieve the school trucks of part of the over-load and take advantage of the law that does not compel the board to transport children under the two mile limit. The board felt it was either do this or purchase another truck and the money was not available.

The patrons in the two mile limit seriously objected to the board taking advantage of the law. Many tenants on farms in the two mile limit were left without any means of getting their children to school. The board heard arguments on both sides and decided to return to the old way and transport all children.

The three trucks have been overloaded, as many as thirty-five riding in one of them. Two of the trucks have been making double trips each morning and evening.

Arrangements are now being made whereby Harvey Myers, who drives one of the trucks, will purchase a truck himself and furnish a driver for \$100 a month. This truck will be used to take off part of the overload of the other three trucks.

One truck goes to Clifton each morning after about twenty high school pupils of the Clifton high school. They are returned to the Clifton school house each evening. For this service the Clifton board pays the local board \$100 a month. The Clifton board also pays the local board \$5 a month tuition for each pupil. Clifton is not able to provide a first grade high school and under the law her pupils are brought here.

The local board could allow some of the families where there are few children on a route seventy-five cents for the first pupil in the family and 25 cents for each additional. When the situation was canvassed it was found to be cheaper to hire another truck.

### OCTOBER JURORS.

The following jurors have been drawn for the October term:

Grand Jury—

### BANK OPENING COMING.

The announcement of the opening of The Exchange Bank appears in this issue. The opening will be held Saturday afternoon, September 24th from 1 to 12 P. M. During those hours the entire building will be open for public inspection. Every one is welcome.

### ENTERTAINED AT DINNER.

The following guests were entertained at the old David Stewart home last Saturday for dinner: Dr. and Mrs. Leo Anderson and family; Mrs. Anna Morton and daughter, Grace of Xenia; Mrs. Belle Atkinson, Miami, Fla.; Misses Mabel, Ella, Bertha and Mary Knott; Miss Carrie Stewart, being the hostess.

### MAY HIS NAME EVER LIVE.

Z. L. White, Columbus merchant, died last Thursday, aged 83, after a prominent career and useful life. He began as a grocery clerk and died a very wealthy man. He has left under his will a very large sum to O. W. U. at Delaware, having in years gone by given that institution and Delaware churches, \$150,000.

### FARM RENTS DROP.

We hear that Mrs. S. B. Rankin of South Charleston has rented a well improved farm of 625 acres to Floyd Minnich at \$8 an acre. This is quite a drop over land rentals two years ago but probably in keeping with present prices of farm products.

## VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war" for the military department of the nation is interestingly described and illustrated in one of an instructive series of articles on Our Government now being distributed exclusively by this institution.

We shall be pleased to see that you receive the complete series, if you will send us your name and address.

## ---with this Warm-Air Furnace in Your Parlor

Here, we believe, is the final solution of the heating problem for small homes—with or without basements. Estate Heatrola is not a stove, but a practical and efficient pipeless furnace that offers all the comforts of warm air heating at a very low cost.

Estate Heatrola supplants stoves and fireplaces! It heats 3 to 6 connecting rooms, and heats them better than an ordinary stove heats one.

## Estate HEATROLA

—the Parlor Pipeless Furnace

Finished in rich grained mahogany, to harmonize with finest home furnishings, it looks like a handsome cabinet phonograph. You can rub it and dust it with a cloth, just as you do your furniture. Burns any grade of coal—hard or soft lignite or slack. Guaranteed to keep fire 50 hours on one charge of coal.

## Fordson TRACTOR

**Henry Ford Was Right When He Said:**

"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

 THE BRIGHTER SIDE.

"It is an ill wind that blows nobody any good." This is an old adage that we have been hearing all our lives. Analyze it and you will find it true. The history of the world will teach us, there are advantages in disadvantages. Many men that have gained renown in all walks of life were born amid lowly surroundings. It would seem to us to be a poor start in life, to be sold as a slave. Joseph, the son of Jacob, was sold as a slave to a Midianite merchantman. He rose from slavery to be second only to the King of Egypt. We all complain when hard times are upon us, and yet let us see if this ill wind does not blow some good. The remark has been made that in hard times, the health of the people is better than in prosperous times.

It is conceded by authorities that we American people eat too much. When hard times come many people are shut off from buying luxuries for the table, and much of that which we call staples also is cut off. The result is that not so much is eaten. Better health follows, more vigor of intellect and body. Many, instead of buying a fine roast of beef for dinner, costing \$1.00 to \$1.50, will buy a soup bone for 25 cents and next day they do not know the difference, unless it be that they feel better for having eaten the soup than if they had eaten the roast. We have come to a point where the mass of people must economize.

The man who has spent less than he earned in the past four or five years, is not heard complaining. He may find it necessary to economize—but he knows how. The stringent times through which we now are passing are leading us on to a cash basis. It will be well for us all when that basis prevails. Does not this ill wind blow us some good?

**LESSON FOR SEPTEMBER 18**  
**ABSTINENCE FOR SAKE OF OTHERS (TEMPERANCE LESSON).**

**LESSON TEXT**—I Cor. 10:23-25; 1:16, 17. **GOLDEN TEXT**—Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God—1 Cor. 10:31. **REFERENCE**—MATTHEW—Rom. 12:1, 14:13-21; 15:1, 2; 1 Cor. 8:9-10; 10:23-25. **PRIMARY TOPIC**—A Clean, Strong Body.

**JUNIOR TOPIC**—How to Win the Race. **INTERMEDIATE AND SENIOR TOPIC**—Presenting One's Body as a Living Sacrifice. **YOUNG PEOPLE AND ADULT TOPIC**—The True Meaning of Temperance.

The occasion of this teaching was the uncertainty as to the right attitude toward "things sacrificed unto idols." This problem was most vital while the Christians were in the midst of the heathen, and with some modifications no less vital still. In mingling with society many perplexing questions arise, such as amusements, way of spending Sunday, enjoyment of luxuries, owning stock in certain corporations, etc. Our lesson contains principles adequate for our guidance in all these problems.

It was customary to divide the animal offered in sacrifice into three parts. One part was consumed on the altar, another part was given to the priest, and the third part was kept by the party bringing the offering. The priest's part was frequently sold in the market. The part which the offerer kept was sometimes eaten at home and sometimes in the court of the temple. The Christian who bought meat in the market was liable to get meat which had been dedicated to the idol god. Then, too, one would be invited to eat socially at the table of someone who had kept his portion of his offering and now set it before his guests. Some with adequate knowledge had no scruples about it; others with less knowledge thought it sinful. The one who has knowledge should bear with the weak one, and at the same time should seek to teach his brother the truth so as to set him free from bondage of superstition. The glory of God should control in all things.

I. "All Things Are Lawful for Me" (v. 23).

This declaration is limited, of course, by things which are right in themselves. It is not true that a Christian is free to do those things which are wrong. The Christian can only indulge in "lawful things" as they are expedient and unto edification. As individual Christians we have liberty to do many things which because of their influence on our fellow Christians we should abstain from.

Even with one's self that which is not edifying should be ruled out.

II. "Let No Man Seek His Own" (v. 24).

The Christian is under the control of love. The controlling principle of love is unselfishness. The one dominated by love considers the other's interests rather than his own.

III. "Eat the Food Not Before You" (vv. 25-30).  
 It is not incumbent upon us to be on the hunt for occasions of the conscience either of ourselves or others. Exercise your freedom in the enjoy-

 it's toasted, of course. To seal in the flavor—

ment of all right things which the Lord places before you, but as soon as it is brought to your attention that certain things are to the disadvantage of others, you should desist; that is, exercise self-control.

IV. "Do All to the Glory of God" (v. 31).

This is the grand and supreme rule of life for the Christian. The Christian is not at liberty to do that upon which he could not ask the blessing of God. In our eating, employments and pleasures, we should have as our transcendent aim God's glory. How could one ask God's blessing upon the intoxicating cup, dancing, gambling, theatergoing, Sunday desecration, luxurious extravagance, etc?

V. "Give No Occasion for Anyone to Stumble" (v. 32).

We should so live that no one can ever say that we have been the occasion of their downfall.

VI. Follow the Example of Jesus Christ (11:1).

Christ through love gave up all for the sake of others. He did not please himself. Everyone, therefore, who is a Christian should imitate Him.

VII. The Christian's Body is the

We want you to have the best paper for "BULL." So now you can receive with each package a book of 24 leaves of Bull—the very finest cigarette paper in the world.

At a meeting of the Board of Trustees of the college Saturday it was decided to continue the campaign for endowment and buildings until the full \$20,000 was secured. The committee to look after this work is composed of Dr. McCleskey, J. C. Townsley, W. C. Iliffe, M. I. Marsh, W. L. Clemens, Dr. J. F. White, Ed. Dean, S. C. Wright, Clayton McMillan, G. H. Hartman. It was the opinion of the board members that the college will live or die in Cedarville, all depending on the success of the campaign. The committee on building plans is: Marsh, Hartman, Iliffe, Smith and Conley.

Xenia Presbytery was held at the U. P. church in Clifton. The opening session was Monday evening and the concluding sessions, Tuesday. The ladies of the church served dinner.

Mr. and Mrs. Wilson Hanna, north of Clifton, whose house was destroyed by fire last winter, have moved into the Stewart house on an adjoining farm.

The Christian Endeavor Society of the R. P. church gave a reception to the new students, as well as the old who have returned to college, last Friday evening.

A cablegram was received yesterday stating that Rev. J. Mills Taylor and Fred C. McMillan had arrived safely at Port Said, Egypt. They are representing the Foreign Mission Board of the U. P. church and are out looking after the progress of the work.

Mrs. Mary L. Andrews, who resides on the Scarborough farm was given a surprise on Sunday when a number of friends called to spend the day. Among those present were Mr. and Mrs. Clarence McKinney and Miss Lorgina Mansfield. Miss Cleo Jones from Xenia; Mr. and Mrs. Earl Andrews of this place. The party took well filled baskets and enjoyed a picnic dinner.

## AUTO TURNS OVER ON THE CLIFTON PIKE.

A new Ford touring car was overturned on the Clifton pike before noon yesterday that resulted in three men being injured.

The car was owned and driven by Wayne Wilder, representing The Columbus Grocery Co. He was accompanied by D. L. Stephens of Springfield. In coming through Clifton they picked up C. M. Crouse of this place who had gone over in the morning on the bus. When near the old school house on J. E. Kyle's farm, the auto suddenly left the road, struck a telephone pole and turned over with the men underneath. The only eye witness was Burton Turner, who was in a field a hundred feet away.

Mr. Turner summoned Mr. Kyle and other aid and released the men.

Mr. Wilder was probably hurt the worst as he suffered a bruised chest and lacerations on the face and over the eye. He was taken to the Springfield city hospital. Mr. Stephens was only stunned. C. M. Crouse was brought home in H. Bates machine that happened along and was unconscious when taken into the house. He rallied afterwards. He suffered a blow on the back of the neck and also on the left arm.

Dr. Marsh looked after the Springfield men while Dr. Stewart cared for Mr. Crouse.

There were no other machines in sight and it is thought that Mr. Wilder in turning around to say something to Mr. Crouse, who was in the rear seat, lost control of the machine and it went into the ditch.

## Liquor Causes Auto Accident

The village was somewhat disturbed Monday when what was suspicious characters parked their automobile near the new bank building and proceeded to parade about the place in an unusual manner.

Assistant Cashier Tindall noticed the queer actions of the men and with out taking any chances threw on all the safety devices for protection, rather than take any chances on what the strangers might do.

It developed that the leader of the crowd was the plasterer that had worked on the building but their intoxicated condition was enough to arouse the suspicion of anyone.

Before the officers could be secured the men proceeded by way of the Columbus pike to Xenia. When west of town their automobile collided with one belonging to a Mr. McMillan of Columbus.

Sheriff Funderburg had been notified but before he could reach this place the accident had happened. Mr. McMillan stated that he was off the road as far as he could get but the other machine took right of way. Mrs. McMillan received several cuts while the husband was uninjured. Their Ford car was badly damaged.

The Sheriff took the men in charge and they were charged with disorderly and given a fine and costs amounting to \$27.85 each for four of them, while James McGuire, the plasterer, was fined \$50 and costs and six months. The days were suspended on condition that he have the McMillan machine repaired in good condition. McGuire was placed under arrest last spring by Sheriff Funderburg for driving an auto while intoxicated. It is said he brought the men down from Springfield to show them the bank building.

How to "Reduce."  
I have a letter from "J. D. S." inquiring if there is a reliable cure for fat. While this is not a health column, still I confess an interest in this topic. If "J. D. S." is having trouble "reducing" he might go to Mesopotamia and perspire. Our old friend, Sulim P. Raja, writes that a fat person simply melts and runs down in that climate. As early in the morning as daybreak one awakes to find himself bathed in perspiration. The "cool" of the night means a temperature of 80 degrees; by 11 o'clock the temperature rises to 120 degrees, and at midday the air simply burns the lungs. Nobody remains fat in Mesopotamia, and nobody works if it can be avoided, and Sulim tells me that it generally is avoided under the pretext of turning everything over to Allah. All the fat pilgrim needs in Mesopotamia is somebody to support him. If this can be arranged, the fat melts, reduces, even in this climate, quite handsly, while looking for somebody to support one.—Seattle Post-Intelligencer.

Just what is to be done with a large  
number of prisoners from this, as  
well as other counties that are in the  
Dayton workhouse cannot be told at  
this time.

The Dayton workhouse was former-  
ly located in that city but the crowd-  
ed condition made it necessary to  
erect a larger one which was done out  
of the city on a farm purchased for  
that purpose.

Some lawyer who wanted to get a  
prisoner out of the institution has  
discovered that the state law holds  
that such institutions must be inside  
of the city limits. Judge Patterson  
of Dayton has upheld that contention  
and numerous prisoners are being  
released, particularly men found  
guilty of violating the liquor laws.

A dozen or more counties in this  
section of Ohio have contracts with  
Dayton to care for workhouse pris-  
oners.

**TWO BIG SALES.**

In this issue will be found the two  
big sales of L. C. Titus of South  
Cedarville. The first will be held on  
Monday, September 18th and the  
second on Wednesday, Sept. 21st. The  
farms have been rented and the stock  
must be sold. All sums of \$25 and  
under cash with 5 per cent for cash on  
sums over this amount. He is selling  
a fine lot of stock. Read the ads in  
this issue.

**CHOLERA BREAKS OUT.**

Cholera has broken out on farms in  
the Clark's Run neighborhood and  
there has been some loss of hogs. It  
is proof that farmers must immunize  
hogs if they expect to escape losses.  
A few dead hogs would pay for the  
cost of a large number of vaccina-

been subscribed and the remaining  
\$67,000 is sure to come. The citizens  
of Cedarville have responded with  
open hearts and pocket books. This  
college is sure to grow as it has  
backers east and west. —South

H. B. DICKSON, who is in charge of  
the national convention of the  
American Red Cross, to be held in  
Columbus, O., Oct. 4-8, is also re-  
sponsible for securing ten million  
members for the Red Cross this year.  
But, having dealt with big figures  
most of his life, his present task  
doesn't bother him in the least. The  
Columbus convention is to crystallize  
interest in the nation-wide roll call.

**What Are Your Enjoyments?**

A person's tastes and mental tim-  
ber are chiefly discernible, so it has been  
declared, in his manner of passing his  
leisure time. We assert ourselves un-  
mistakably, that is to say, in our choice  
of enjoyment. Enjoyment, says the  
New York Telegram, enters somewhat  
into our work, at least so it is to be  
hoped, for it is even necessary to its  
efficient execution, but there is rarely  
the same opportunity for freedom of  
election and selection in our work as  
in our play. Our recreation hours may  
be mortgaged to some extent, but in  
the last resort we generally do with  
them what we wish to; what our  
strongest tastes and desires compel.

**PROTECTIVE ASSOCIATION  
MEETS SATURDAY NIGHT.**

A meeting of the Cedarville Pro-  
tective association is called for Satur-  
day night at the mayor's office at 7  
o'clock. The purpose of the meeting  
is to arouse farmers to organize for  
protection against the wave of thefts  
that has covered this township. Few  
farmers can say that they have not  
lost something in the past few months  
in this way and a plan is to be worked  
out to run down the guilty. When  
the time comes that property is not  
safe under a lock and key it is time  
farmers band together for self pro-  
tection. The unemployment situation  
is going to make the harvest for this  
kind of work easy if some action is  
not taken. Make arrangements to be  
present. Every farmer should take  
some part in this organization if any-  
thing worthwhile is to be accomplish-  
ed.

hoped, for it is even necessary to its  
efficient execution, but there is rarely  
the same opportunity for freedom of  
election and selection in our work as  
in our play. Our recreation hours may  
be mortgaged to some extent, but in  
the last resort we generally do with  
them what we wish to; what our  
strongest tastes and desires compel.

**Koreans as Inventors.**

"A Korean invented the potter's wheel and Korean potters discovered the art of underglazing," says Mr. Duncan. "The present emperor of Japan drinks his tea from the first examples of Korean pottery. Koreans first sent musical instruments into Japan. There were brass and bronze factories there at the beginning of the Christian era. The great bell of Sikkim is the same size as the great bell at Moscow, but was cast 11 centuries before it. There is a tradition, and evidence to support it, that Korean engineers planned and built the Great Wall of China for Emperor Chin. Count Okuma gives credit to the Koreans for the introduction into Japan of the art of weaving silk and of carpentry and architecture."

**A Conversation.**

Between 2 and 3 o'clock—at the half-way house of night—I heard slow hoofs below my window, and leaning out, saw under moonlight two great cart horses wandering down the road together. They were enjoying a phase of their existence unknown to us. They conversed in little sounds and when one stopped, to snort and snuff at the water of a duck pond by the way, the other also stopped, raised his head and looked steadfastly up into the starry sky. I saw the moonlight in his big eyes. Presently they put their noses together. Then one gave a slight start—perhaps at the opinions of the other—and side by side they ventured away into the night-hidden land—Philippa.
